NewBlue Paint Blends Free [32|64bit]

NewBlue Paint Blends is a collection of versatile and creative effects for use in video transitions, screen savers and animated productions. In addition to 12 presets with NewBlue's cartoon effect, it offers dozens of artistic presets designed for a variety of effects and compositions. Each preset features 12 different transition types including smooth motion, pattern fade, or other unusual animation effects. With the addition of the transition presets, NewBlue Paint Blends offers 2 additional effects including a color palette rotation, and a classy, vintage-style oil effect. The Cartoonr Plus preset includes a slide show effect, and a 3D "cartoon" effect which simulates the paper texture of a traditional cartoon. "Dot Matrix" is a special preset which generates a 3D effect with a 2D texture to produce a look that is reminiscent of a retro dot-matrix display. NewBlue Paint Blends Features: \* 120 video transition presets with a variety of special effects including "cartoon", oil, and vintage \* Animation presets for transitions, screen savers, and other special effects \* Cartoonr Plus (cartoon) preset with slide show and 3D "cartoon" effects \* Pencil Rubbing transition \* Colored Pencil Transition (which includes 4 different preset modes: Color, Draw, Digital and Brush) \* Mosaic and Oil transition (which includes 6 different preset modes) \* Impressionsist, Halovision Plus and Oil effect \* Vibrant Watercolor effect (which includes 3 different preset modes) \* Vintage Watercolor effect (which includes 3 different preset modes) \* Classic Watercolor effect (which includes 4 different preset modes) \* Old Still Photography transition (includes 8 different preset modes) \* Old Still Photography effect (which includes 8 different preset modes) \* Old Still Photography2 transition (includes 5 different preset modes) \* Old Still Photography2 effect (which includes 5 different preset modes) \* Old Still Photography3 transition (includes 4 different preset modes) \* Old Still Photography3 effect (which includes 4 different preset modes) \* Miniature (which includes 8 different preset modes) \* Old Century (which includes 8 different preset modes) \* Old Century2 transition (which includes 3 different preset modes) \* Old Century2 effect (which includes 3 different preset modes) \* Miniature2 transition (which includes 6 different preset modes) \* Miniature2 effect (which includes 6 different preset modes) \* Miniature3 transition

NewBlue Paint Blends X64 [Latest]

Use these artistic visual effects to transform your videos with style! Experience cool Cartoonr Plus and other visual effects from a fresh perspective. Drawing techniques on video NewBlue Paint Blends offers a bunch of cool new painting techniques on video. For example, choose between layers, layers with dripping, layers with scratched, layers with streaking, layers with colored pencil, layers with dry brushing, layers with watercolors and of course layers with oils. Choose the method that suits your style best. If you like to paint digital characters, choose Layers with Colored Pencils. If you like to paint digitally animated characters, choose Layers with Drying Brushing. Choose the method that suits your style best. No limits to your creativity Not only can you choose from an extensive library of different painting techniques, but you can also paint directly on the video. There is no limit to your creativity when you want to create cool visual effects. NewBlue Paint Blends features a drop down menu where you can select the types of effects you want to use: Layers with: - Colored pencils - Scratched - Dry brushing - Scrapped - Dropping - Layers with streaking - Layers with dripping - Layers with colored pencils - Layers with drying brushing - Layers with watercolors - Other: If you want to add an effect to the layers, you can choose what you want from the drop down menu. If you want to pick an effect from the drop down menu, you do not need to select which of the types of effects you want to use. To see which type of effect you can use, just scroll down the drop down menu. NewBlue Paint Blends features a set of various artist modes, from which you can select an artist mode, for example Pencil Rubbing. NewBlue Paint Blends will draw the lines of your video clip according to the movements in your video. With Pencil Rubbing you can then simply paint over the lines. For more information about NewBlue Paint Blends or NewBlue Paint Blends Pro, please visit our website. Need help?
